

## Round 8 Wrap

Ok, back from holiday and to celebrate I have made some improvements. Previously players could have obtained 4 different ratings being 'B', 'C', 'V', 'P' however this was rather generic. So these have been replaced. Below shows the previous ratings (excluding 'P' for peaked which remains the same).

### Old Rating System:

Players must have played at least 2 games and be priced over \$300,000

- 'B' Bargain (Priced 30% under their average for the season)
- 'C' Cheap (Priced 20% under their average for the season)
- 'V' Value (Priced 10% under their average for the season)

### New Rating System:

- 'FP\*\*%' Relates to 'Fallen Premiums'. These players began the year priced over \$375,000 and have now dropped in price. The percentage they have decreased is represented next to FP. For Example FP40% would suggest the player has decreased over 40% on their starting price for the year.
- 'BP\*\*%' Relates to 'Bargain Players' this is similar to my old B,C,V titles. As per before the player must be priced over \$300,000 and have played 2 games to be eligible (or every rookie would get the title) and the percentage relates to the percentage their expected peak price exceeds the players current price. In other words this player is playing \*\*% above their current price and could be a good purchase.
- 'P' This remains as per before, it simply suggests the possibility the player may have already peaked in price. As this title is only really relevant for cash cows and mid range players the player will not receive a 'P' title if they already have the 'FP' title. As Premiums are for the most part peaked in price it doesn't seem relevant to show both.

Since the list of players is now significantly broader simply search the document for 'BP' or 'FP' to see players who have the above title. I hope this helps.

### Cash Cow Wrap

This has been arranged by players many consider 'Peaked' then the remainder by breakeven.

Player Peaked	Name	Position	Breakeven	Current Average	Current Price	Total Price Increase	Peak Price Based on 2010 Avg	Predicted Price Movement (*)
